TWO SPARROWS VILLAGE

WHAT IS *Two Sparrows?*

INCLUSIVE LIVING. **LIFELONG SUPPORT.**

PROVIDING HOUSING FOR NEURODIVERSE ADULTS.

Two Sparrows Village is an inclusive, neurodiverse co-housing option for adults with intellectual disabilities and autism to live in a community with others.

Each suite includes a bedroom, bathroom, and living space for each resident. The cottage itself includes a shared common area, laundry room, and kitchen.

Each resident is able to achieve a level of independence, while still developing social skills by being involved with the cottage family and Adult Day Services participants.

BUILDING THE DREAM! FUNDING & DONATIONS

Two Sparrows Village is developing a unique pocket neighborhood—a thoughtfully designed community that fosters connection, independence, and belonging for adults with intellectual and developmental disabilities.

To bring this vision to life, we are seeking funding to support land acquisition, construction, and community programming. Every contribution helps build not just homes, but a future of dignity, inclusion, and opportunity.

YOU ARE WORTH MORE THAN

many sparrows.

JOIN THE *Bash!*
